SEVENTH YEAR.

MAYSVILLE, KY., SATURDAY, MAY 14, 1898.

ONE CENT.

Purely Business!

The columns of a newspaper represent a cash value. No publisher can afford to give advertising "notices" free any more than a merchant can lose over his counter free gifts of dry goods or shoes. A newspaper is a legitimate business concern. Its columns are its stock in trade, and advertisements should be paid for, no matter in what part of the paper they appear.

THIS SPACE BELONGS TO

Hechinger & Co

They are too busy today to say anything about the greatest stock of

Clothing

—AND—

Men's Shoes!

In the state. The crowds in their mammoth storerooms during this week tell the story.

REAL NEWS! SLIGHTLY REDUCED!

For the new news and the true news you must rely on THE LEDGER.

THE LEDGER on yesterday again put a slight "kink" in the loop service. It had in its regular edition and in the hands of its patrons—nearly two hours in advance of any other paper—the news of Sampson's bombardment of San Juan; of the killing and wounding of our gallant sailors; of the escape from injury of our ships; of the Spanish fleet's approach to San Juan; of the capture of Cardenas; and of the sailing of Admiral Schley's squadron at daybreak.

It will be remembered that the County Board, at the conclusion of its work of "equalizing," and much against the judgment of some of the members, spat on its hands and at one fell swoop made a horizontal reduction of 30 per cent. on all kinds of values.

But the wool couldn't be pulled over the eyes of the State Board in that fast out.

And so when the horizontalized assessment got to Frankfort the State Board folks don't Dewey a thing to it—no more than the Admiral did to the other Monkey at Manila!

They lit a fresh cigar, reared back in their pasterns and whacked a perpendicular increase of 55 per cent. on lands and personality and 30 per cent. on town lots.

This made a net increase over the original assessment of 8 and 4 per cent. respectively.

Now, under the persuasive powers of the above-named county officials, comes the State Board and gives a slight concession, reducing the increase to 34 per cent.—not increase over the original assessment of 7.15 and 3.15 respectively.

The increase on tangible personality stands as first made—33 per cent.

The Fiscal Court has adjourned until the second Monday in August.

I have been a sufferer from chronic diarrhoea ever since the war and have used all kinds of medicines for it. At last I found one remedy that has been a success as a cure, and that is Chamberlain's Colic, Cholera and Diarrhoea Remedy.—P. E. GUNTER, Gaston Mills, La. For sale by J. Jas. Wood, Druggist.

It is understood that a floating reception on the elegant steamer, City of Louisville, will be given next Wednesday afternoon by DeMolay Commandery No. 12 of Louisville in honor of the meeting of the Grand Commandery of Kentucky. Everyone will be required to present a ticket of invitation before admitted to the boat. This is done in order that the guests shall not be crowded and from getting over the United States limit of the steamer.

Committee Gets a Small Tax Concession For Mason.

COUNTY BOARD HIT IN THE NECK

Judge Charles D. Newell, County Attorney Frank P. O'Donnell and Deputy Clerk Arthur F. Wood went to Frankfort Thursday to secure if possible a reduction in the increase placed on the Mason county assessment by the State Board of Equalization.

It will be remembered that the County Board, at the conclusion of its work of "equalizing," and much against the judgment of some of the members, spat on its hands and at one fell swoop made a horizontal reduction of 30 per cent. on all kinds of values.
